

RESOLUTION NEW COURT HOUSE PLANNING

Whereas, Weakley County, Tennessee is planning to erect a New Court House, after the present war has come to a close:

And whereas, it will be necessary to issue and sell bonds against the faith and credit of the County to finance said building program;

Therefore be it resolved by the Weakley County Quarterly Court now assembled that we direct our Representatives in the January 1945 Tennessee Legislature to have an Enabling Act passed authorizing Weakley County to issue and sell a sufficient amount of bonds to finance the building of said Court House, if and when this court shall order the same issued and sold.

This July 3rd, 1944.
